The KH Parents' Association is delighted, once again, to host the Form 5 Careers Evening, in conjunction with the Careers Department. This is an exciting & very rewarding evening where approximately 50 careers, chosen by the students (see below), are represented mostly by Parents and Past-Pupil volunteers. The students have the opportunity over 2 hours to visit career tables that you will host or co-host, and have an informal chat about your chosen career. Supper is served at 6pm and a short information session will be held. If you are not able to attend the supper, please arrive no later than 6.45pm as the students are buzzing with excitement to get into the hall and speak with you. They have been given a floor map in advance and advised to prioritise the careers that they are most interested in. Supper will also be served again at 9pm with tea/coffee/dessert and this is a great opportunity to network and meet other parents. Hope to see you then!
