

Open Day

**Friday 5th May, 2017
from 9am - 2pm**

**THE
KING'S
HOSPITAL**
—
A SCHOOL AND
A WAY OF LIFE

The King's Hospital offers an unrivalled Secondary School educational experience where our staff and students collaborate to turn out exceptional, well-rounded young adults, ready to embrace and conquer the challenges of the 21st Century.

We aim for excellence in all fields; Academics, Sport and The Arts, and this is accomplished by the dedication of all our staff and management and the continuous upgrading of our school and 80 acre campus.

Find out for yourself why The King's Hospital is the right choice for your child's Secondary School, as a Boarder or Day Pupil.

We invite you to come and meet our staff and students so they can tell you first-hand about our campus development plans in Sport and STEM and share their experiences of life at The King's Hospital.

We now teach 16 subjects in Form 1, including 5 taster subjects and a new curriculum subject, Technology. At the end of Form 1, the students can then make an informed choice for their Junior Certificate subjects.

The format of the Open Day will include:

9.00	Registration in the Reception Hall
9.10	Light Refreshments and Deputy Head's Welcome
9.40	Headmaster's Address in Chapel - Musical Performances
